

# New year flower square

Design by Maria Jansson Brygt @Micmarmik

## The story behind the pattern.

I crocheted this square on New Year's Eve 2020. I think it looks a little bit like fireworks in the middle of the square or maybe it's a flower as usual :). I hope you like the pattern!

## Introduction

First you crochet the flower (round 1–8). Next step is to make the flower into a square (round 9–12). The stitches in the pictures are the stitches I crocheted (not what they count as).

## Alternatives

The pattern below can be adjusted, depending on your own preferences. For example:

- The initial ch on round 1 can be made with a magic ring.
- You can start each round with a standing stitch wherever possible, instead of ch.
- You can end each round with an invisible join wherever possible, instead of a sl st.
